Date of Signature

Commissioner for Patents
Washington, D.C. 20231

Sir:

Pursuant to the provisions of 37 C.F.R. §§ 1.97 and 1.98, submitted
herewith are a PTO Form 1449 identifying documents disclosing prior art that may be
material to the patentability of the invention claimed in the above-identified application
and copies of the documents identified in the Form 1449. These documents were cited
in the International Search Report (ISR) for a related application, a copy of which is also
enclosed, which was mailed on August 8, 2002. The International Searching Authority
(ISA) has stated a publication date of 29 April 2000 for the reference entitled "Berlin

VsX – Some Advantages of Berlin Compared to the X Window System.” This publication date is not clearly marked on the document supplied to Applicants by the ISA; therefore, Applicants have requested further documentation to support this proposed publication date. A copy of "Available Documentation for Berlin," which is listed in the ISR was not provided by the ISA. Applicants have requested this document from the ISA, and will forward it to the U.S.P.T.O. when it is received by Applicants.

To the best of Applicants' knowledge, this Information Disclosure Statement is being filed before the mailing of a first Office Action on the merits. Therefore, under 37 CFR §1.97(b)(3), no fee is required. The Commissioner is hereby authorized to charge the payment of any additional fees required in connection with this communication to our Deposit Account No. 02-4377.

Respectfully submitted,

A handwritten signature in dark ink, appearing to read 'Walter Egbert III', is written over a horizontal line.
